

Refrigerator Specifications

Residents are permitted to bring one refrigerator to be used in their residence hall room.

The refrigerator must meet the following specifications.

- Less than 5 cubic feet in size
- 120 Volt
- Energy rating less than 2 amps

**Remember the environment and consider buying an Energy Star refrigerator*

If you need an extra refrigerator for storage of medications (e.g., insulin) or medical conditions (e.g., gastrointestinal disorders), contact the Disability Resource Center at 621-3268.

Residence Life recognizes three additional circumstances that merit consideration for issuing a refrigerator:

- Physician-Documented Food Allergies/Intolerances
- Religious Requirements
- Personal Dietary Choices

Microwave Specifications

Microwaves should be UL-listed.
