SECURITY TIPS

Theft tends to increase during finals week and building closing.
You can decrease opportunities for theft by:

• Keeping your door closed and locked
• Not leaving your property within sight (in the hallways, lobby, at the curb, etc.)
• Locking your car and putting as many things as possible out of sight in the trunk
• Writing your name on a specific page in all your books
• Not leaving your backpack unattended (in study rooms, the library, etc.)
• Taking your bike home with you (it will be removed by Parking if you don’t)
YOU MUST DEFROST YOUR FRIDGE

FOR OWNED OR RENTED UNITS:

☐ Unplug refrigerator
☐ Take out all food
☐ Place a towel under fridge
☐ Carefully tip the fridge back against a wall so that the water will collect in the bottom of the fridge and not leak out onto the carpet
☐ Leave door open
☐ After ice has melted, empty water from inside fridge (it may take a day or so, plan accordingly)
☐ Clean and rinse with a mild soap
   (do not use sharp objects to clean as they may cause damage)
☐ Dry out refrigerator interior, leave door open and leave unplugged
☐ MICROFRIDGE USERS: defrost, clean microwave, leave refrigerator and microwave doors open, unplug unit and leave it in your room

NOTE: If water is on the carpet, the custodial staff must be called to clean the carpet and the resident(s) will be charged for cleaning. Failure to properly clean and defrost your refrigerator, could result in your room being documented for not complying with this request.
