- Broom and dustpan
- Floor mop and cleaning product (Swiffer-type mop)
- Additional trash can (optional)
- Garbage bags
- Additional recycling can (optional)
- Recyclable trash bags (optional)

## KITCHEN SUPPLIES

- Induction cookware (magnetic-based material)\*
- Dish soap
- Dish towels
- Disinfectant spray or wipes
- Baking soda
- Eating utensils
- Plates/bowls
- Cups
- Filtered water pitcher (optional)
- Dish rack/drying mat (optional)
- Tupperware (optional)
- Food prep items for cooking/baking (optional)
- Storage bins/drawers (optional)

\*If you're not sure your cookware will work with an induction cooktop, try sticking a magnet to it. If it sticks, it should work; if it doesn't, the cookware is likely not induction compatible. Induction cookware is also available for check-out from the front desk.

*We recommend the use of reusable and eco-friendly products whenever possible.*
