You Must Defrost Your Fridge,
HERE’S HOW:

- Unplug refrigerator
- Take out all food
- Place a towel under fridge
- Carefully tip the fridge back against a wall so that the water will collect in the bottom of the fridge and not leak out onto the carpet
- Leave door open
- After ice has melted, empty water from box
- Clean and rinse with a mild soap *(do not use sharp objects to clean as they may cause damage)*
- **MICROFRIDGE USERS:** defrost, clean microwave, leave refrigerator and microwave doors open, unplug unit and leave it in your room

**NOTE:** If water is on the carpet, the custodial staff must be called to clean the carpet and the resident(s) will be charged for cleaning. Resident(s) can be charged as much as $160 for carpet cleaning.
