TO SHARE OR NOT TO SHARE
Please use this space to discuss what personal items you are willing or not willing to share with others in your apartment. Items could include television, computers, school supplies, clothes, toiletries, food, kitchen supplies, etc. Are you willing to share always? Never? With permission?

COMMUNICATION
Your voice is powerful! Allowing others, including parents/family members, to advocate for you in a conflict does not mean the conflict is resolved or over. You are your own best advocate in these situations. Please note that the best way to resolve conflict is by speaking face to face. Notes on dry-erase boards, social media tools, texts, third-person delivery, etc. tend to lead to further conflict.

My default conflict style is:
Competing: One party seeks to satisfy interest regardless of impact to other party.
Collaborating: Both parties work together to find a solution that makes both parties happy.
Compromise: Both parties work together to find a solution, but some aspects may have to be given up to make everyone happy.
Avoiding: One or both parties like to suppress the conflict and smooth things over by not fully addressing conflict.
Accommodating: One party yields to the other party in a conflict.

☐ Accommodating   ☐ Accommodating   ☐ Accommodating   ☐ Accommodating

YOU DESERVE RESPECT
Policies and procedures are established to assist in shaping the Residence Hall environment to protect your rights, and to define your responsibilities to others. You are expected to abide by local, state and federal laws, the University’s Non-Discrimination and Anti-Harassment Policy and Policies and Procedures for Hall Living http://policy.arizona.edu/humanresources/nondiscrimination-and-anti-harassment-policy

SIGNATURES
I agree that I have reviewed our Shared Living Space Agreement and will abide by the established guidelines.

Resident Assistant:

COVID-19 & HOUSING
Housing & Residential Life is working closely with University leadership to monitor the situation and our planned response, should the need arise. Housing is also taking direction from Campus Health. In consultation with Campus Health, we have implemented elevated cleaning protocols as a preventative and precautionary measure. We continue to educate our residents and staff regarding taking basic proper precautions around health and safety, including hand-washing, sanitizing, staying home when feeling sick, and avoiding others who may be sick.

COVID-19 GUEST POLICY
No guests are permitted in resident rooms or apartments. This is at any time, so overnight guests are not permitted. Staff may need to enter to perform job duties. Consult the Policies & Procedures to learn more information at: https://housing.arizona.edu/life-on-campus/policies-procedures

COVID-19 FACE COVERING POLICY
Cloth face coverings must be worn in hallways, common spaces, lounges, kitchens and when interacting with a Housing & Residential Life staff member. Bathrooms are exempt from this policy, however, we encourage wearing a cloth face covering wherever possible in the bathroom to help limit the spread of COVID-19.

COVID-19 SIGNS POLICY
Maximum occupancy signs for common spaces and signs stating behavioral expectations related to limiting the spread of COVID-19 will be posted throughout the building. Students must follow all expectations communicated in these posted signs. Guests who fail to follow these directives will be restricted from visiting any residence hall.

CLEANLINESS
Clean is defined as free from dirt, stains, contaminants, impurities, blood-borne pathogens, and food waste that may present a health or safety hazard. You are responsible for keeping your apartment clean, orderly and in good repair. There will be limited cleaning supplies available at the Front Desk.

KITCHEN, BATHROOM, AND COMMON SPACES
Please use this space to discuss the general usage of shared spaces and your agreed upon plan and schedule for keeping them clean. For example cabinet space, refrigerator, living room, overall kitchen, dishes, toilet, shower/tub, and removal of trash. How will you share responsibility/cost for buying cleaning products/toilet paper? What cleaning schedule will you follow? How will you communicate if there is a cleanliness issue? What personal items can be left in shared spaces?

SELF-ISOLATION & QUARANTINE
At times, you or your roommate(s) may be asked to self-quarantine in your room and not leave. If one of your roommates is self-quarantining, are you willing to:

- Pick up food for my roommate
- Pick up personal items
- Do laundry for my roommate
- Communicate with RA
- Other: __________

If one of us is feeling sick or believes we have been exposed we will communicate this to each other (select all that apply after discussion):
- Immediately
- Through text
- Through phone call
- Through video call
- After being tested

STUDYING AND SLEEPING
Studying and Sleeping are important components of being successful. Taking some time to discuss your preferences regarding sleep and study with your roommate(s) can increase your success and well-being while you work towards your academic goals.

I prefer to study:

If one of us is feeling sick or believes we have been exposed we will communicate this to each other (select all that apply after discussion):
- Immediately
- Through text
- Through phone call
- Through video call
- After being tested

We prefer that extended phone/video/online class meetings be taken:
- In individual bedrooms
- In common areas at agreed times
- Anywhere with headphones

I generally try to sleep between:

- Weekdays:
- Weekends:

Temperature:
During the day we agree the apartment thermostat should be set to _____ degrees.

During sleeping hours we agree the apartment thermostat should be set to _____ degrees.

Additional thoughts on sleeping, studying, and our common spaces:
